

Andy gives back to the community where he grew up.....

Would you match my donation?

Andy Chea is a great young man who grew up in our community and youth programs since he was a baby. We are so proud to see him thriving in university as a result. He just donated \$250 for our summer camp program. Andy made the donation because he recently heard we needed money for our programs. He would like to challenge people to match it!

We depend on donations and grants for the sponsorship of our camps and need your support to cover the costs. If you are able to sponsor children for camp, it would be most appreciated. A charitable tax receipt will be given for all donations over \$25.00.

How to Donate:

Use the DONATE NOW button on our website, or click this link:
